

UPCOMING COURSES AT MURESK INSTITUTE

Seeking diverse career opportunities in the agricultural sector?

Considering a career change or looking to upskill?

There's a course for you!

Muresk Institute is Western Australia's skills hub for modern agriculture. Our core focus is to work closely with our partners to bring the best industry-driven training opportunities, knowledge and skills to Western Australia.

COURSES ON OFFER

These courses have been developed in consultation with businesses and employers to deliver training that will get you the skills you need for the jobs you want.

Associate Degree in Agribusiness

Gain an understanding of agricultural production systems and the business principles associated with the production, processing, marketing and distribution of food. Expose yourself to practical farm management and gain the knowledge you need for the Western Australian agriculture and food industry.

Certificate III in Agricultural Machinery Technology

Upon completion of this apprenticeship you will have the skills and knowledge to work on agricultural machinery and equipment.

Holistic Management

Gain a solid understanding of the holistic nature of our environment and learn how to make decisions that are simultaneously socially, environmentally and financially sound using the holistic framework.

Stockmanship

Tailored to individuals looking to work in livestock industries, this course will provide participants with the skills required to work in remote and rural environments where stockmanship and teamwork are the keys to success.

"The course far exceeded my expectations. I feel that I received a power course in animal behaviour, cleverly integrated with packages of human and group psychology."

Stockmanship graduate, Andrew Bedwell

“I learnt a lot in a small period of time and had a lot of fun. The knowledgeable instructors delivered valuable insight into industry and nature of the work.”

Broadacre Harvest Operations skill set participant

JOB READY SKILL SETS AND OTHER SHORT COURSES

Get skills ready and express your interest for the following fee-free* Job Ready skill sets and short courses!

Broadacre Harvest Operations*

New to the agricultural industry? Get the skills and knowledge to safely undertake employment for harvest operations in the broadacre sector.
